The TOY ENGINE COLLECTOR

NOTE: This page is not stapled. It may be removed for use elsewhere.

GUEST ARTICLE

- No. 1 (Apr 95) "Toy Steam Tractors" (Lowell Wagner)
- No. 2 (Jul 95) "German Copy of Weeden's No. 14" (Hal Swann)
- No. 3 (Oct 95) "Pressure Testing of Toy Boilers" (Bill Payne)
- No. 4 (Jan 96) "The Weeden Steam Locos-Part 1" (Hal Swann)
- No. 5 (Apr 96) "The Weeden Steam Locos-Part 2" (Hal Swann)
- No. 6 (Jul 96) "Bowman Live Steam Locomotives" (Mike Cooke)
- No. 7 (Oct 96) "Toy Steam Rollers-Part 1" (Lowell Wagner)

FEATURED ENGINE

- No. 1 (Apr 95) "IND-X Model No. 200" (Editor)
- No. 2 (Jul 95) "Bing Import Model" (Editor)
- No. 3 (Oct 95) "Major Toy `Red Injun'" (Editor)
- No. 4 (Jan 96) "Weeden No. 1 Locomotive" (Editor)
- No. 5 (Apr 96) "Safetoy Electric Engine" (Editor)
- No. 6 (Jul 96) "Jensen Number 35" (Editor)
- No. 7 (Oct 96) "Weeden No. 1 Electric Motor" (Editor)

PORTRAIT OF A COLLECTOR

- No. 1 (Apr 95) **Don Haskins** Northbrook, Illinois
- No. 2 (Jul 95) **Dr. Frank R. Scheer** Alexandria, Virginia
- No. 3 (Oct 95) **Russel E. Snyder** Hagerstown, Maryland
- No. 4 (Jan 96) **Lowell J. Wagner** Waconia, Maine
- No. 5 (Apr 96) **Lowell J. Wagner** Waconia, Maine (Conclusion)
- No. 6 (Jul 96) **Arthur DeKalb** Pulaski, New York
- No. 7 (Oct 96) **Hal R. Swann, Jr.** Nashville, Tennessee

THE TEC TOOLBOX

- No. 1 (Apr 95) Lever Arm for Buckman Safety Valve (Editor)
- No. 2 (Jul 95) Lever Arm for Weeden Safety Valve (Editor)
- No. 3 (Oct 95) none.
- No. 4 (Jan 96) A Simple Hand Brake (Editor)
- No. 5 (Apr 96) Test Fittings for Steam Eng. (Leon Johnson, Jr.)
- No. 6 (Jul 96) Replacing a Missing (Bing) Leg (Editor)
- No. 7 (Oct 96) "Fix & Run" Tips for Steam Toys (Dave Robie)

MISCELLANEOUS ARTICLES, ETC.

- No. 1 (Apr 95) Some tips for eliminating boiler deposits (Dave Robie) p10.
- No. 2 (Jul 95) TEC Subscriber List (Editor) p8; "Student's Electric Engine" (Richard Leach) p7.
- No. 3 (Oct 95) "A Whistle Note" reprint (Editor) p7; Taylor meet photos (Hal Swann/Editor) p10.
- No. 4 (Jan 96) New Product Review-Auld SE3 (Editor) p6.
- No. 5 (Apr 96) "Toy Electric Motors" (Richard Leach) p10; Book review: *Toy Steam Accessories* by Marcus Rooks (Editor) p9.
- No. 6 (Jul 96) "Some Random Thoughts on Buying and Selling Steam Toys" (Don Haskins) p11; The "Thimble" engine (Mike Cooke) p8.
- No. 7 (Oct 96) none.

QUESTIONS AND ANSWERS

- No. 1 (Apr 95) **Q:** Unk. Weeden?; **Q:** Where to find hardback "Dampfspielzeug?"; **Q:** When was Weeden accessory color changed?; **Q&A:** Buckman valve configuration?; **Q:** Finding a Weeden No. 7 hull?
- No. 2 (Jul 95) **Q&A:** Inspection & boiler testing?; **A:** Where to find "Dampfspielzeug" book; **Q:** ID of English 3-leg engine?
- No. 3 (Oct 95) **A:** Boiler testing techniques; **Q:** Carette ID and pre-1911 catalog?; **Q&A:** Value of Burnac "Vulcan?"
- No. 4 (Jan 96) **Q&A:** Unk boiler and engine; **Q&A:** Meaning of Weeden "Dart" lettering and photo of Mr. Weeden?; **Q&A:** Finding Hal Swann's book? **A:** Burnac "Vulcan" pricing and information; **Q&A:** Pressure readings and conversions?
- No. 5 (Apr 96) **Q:** Beggs filler plug?; **A:** Response to ID of unk. engine; **A:** Response to photo of Mr. Weeden; **A:** More on operating pressure; **Q:** Loco ID?; **Q&A:** ID of four engines?
- No. 6 (Jul 96) **Q&A:** Weeden boxes, electric engines? & "Dart" names revisited; **Q&A:** German engine ID?; **A:** Bowman loco identity; **Q:** Falk loco replica info?; **Q&A:** Keeping toys neat and safe?; **Q&A:** ID two hot air engines?; **Q&A:** What TEC computers and software used?; **Q&A:** ID of two Bing Locos?
- No. 7 (Oct 96) **Q&A:** History of Atwood?; **Q&A:** ID and details of "Watt Special" engine?; **Q&A:** ID of Marvindustries engine?; **Q:** Method of stopping boiler rusting?

READER'S COMMENTS

- No. 1 (Apr 95) Thanks for comments; Mailing lists; Free bulletin board; Use of TEC subscription form information.
- No. 2 (Jul 95) none.
- No. 3 (Oct 95) Why not print directory?; Why not form a club?
- No. 4 (Jan 96) none.
- No. 5 (Apr 96) Where to get toy appraisals?; Subscriber directory not good idea; Engine photos; Why not a price guide?; Lists of toys from collectors?; Why not a semi-annual subscriber list?; Info about engines needed; Steamup photo.
- No. 6 (Jul 96) Safetoy stack; Engine photo; New Weeden parts; Weeden No. 2 and Steam Engineering Co.
- No. 7 (Oct 96) Boiler water; Make safety valve springs; Visit to Weeden plant; Homemade/new Stirling eng.; Masking tape tip; Why not make TEC a monthly?; Bing loco comments.

TEC TIPS, TIDBITS AND TRIVIA

- No. 1 (Apr 95) A Special thanks; Engine prices; Trivia test, Missing cities; Reader profile charts.
- No. 2 (Jul 95) Taylor meet held; Engine prices; BBB Blues; Scheer visit; Swann Weeden book sold out; The "Dampfspielzeug" DM; More reader profile charts.
- No. 3 (Oct 95) New subs; Engine prices; Toy cannons; Swann move; Der Deutscher "Dart?"; More reader profile charts.
- No. 4 (Jan 96) New subs; Engine prices; Renewals; A "cute" space filler.
- No. 5 (Apr 96) New subs; "Cute" toy identified; Leach is now author; Hal's condition better; Oops!; Oops-II! (corrections).
- No. 6 (Jul 96) New subs; Engine prices; Greetings-English subs; Hal Swann's Weeden book may be reprinted; Christmas in July (photo of new Auld traction engine).
- No. 7 (Oct 96) New subs; Engine prices; A New Advertiser; Swann Weeden book reprinted; IND-X finds home; PMR takes over Solar Engines.

General Index for 1997 and 1998 Issues

 No. 9 (Apr 97) **Ed Thompson** West Farmington, Ohio
 No. 10 (Jul 97) none
 No. 11 (Oct 97) **Jeff Klaverweiden** Huntington, New York
 No. 12 (Jan 98) **Bill Payne** Oskaloosa, Kansas
 No. 13 (Apr 98) **Marcus Rooks** Cardiff, England
 No. 14 (Jul 98) **John Garrett** St. Louis, Missouri
 No. 15 (Oct 98) **Len Deike** Waverly, Iowa

TEC TOOLBOX [TB] & TEC TUTORIAL [TU]

- No. 8 (Jan 97) "Tubing ... Bending Device" [TB] (Art DeKalb)
 No. 9 (Apr 97) "How Hot Air Engines Work" [TU] (Editor)
 No. 10 (Jul 97) "Weeden No. 34 Heat Shields" [TU] (Editor)
 No. 11 (Oct 97) "About Toy Generators" [TU] (Editor)
 No. 12 (Jan 98) none
 No. 13 (Apr 98) "... Details for Harvey-Miller ..." [TB] (Editor)
 No. 14 (Jul 98) "About 'Putt-Putt' Boats ..." [TU] (Editor)
 No. 15 (Oct 98) "Details- Märklin Roller/Fleish. Stack" [TB] (Ed)

MISCELLANEOUS ARTICLES, ETC.

- No. 8 (Jan 97) Book Review: *Steam Toy/Car Books* (Ed.) p3;
General TEC Index (Ed.) insert; *Steam Toy Enthusiast Get-Together, 1995-6* (R. Leach; Ed.) reverse side of Index insert.
 No. 9 (Apr 97) none.
 No. 10 (Jul 97) "American Steam Toy Manufacturers" (L. Wagner) p3; "Steam Toy Enthusiast Get-Together, 1997" (L. Johnson; H. Swann; Ed.) p6; *Seventh "Steam Toys in Action" Event* (F. Crammond; R. Fleming; Ed.) p6.
 No. 11 (Oct 97) "New Product Review-Stevenson Electric Engine Kit" (Ed.) p3.
 No. 12 (Jan 98) 1997 Reader Survey (Ed.) p3.
 No. 13 (Apr 98) none.
 No. 14 (Jul 98) none.
 No. 15 (Oct 98) "Mike Cooke's Steam Day" (M. Cooke; Ed.) p3.

QUESTIONS AND ANSWERS

- No. 8 (Jan 97) **Q:** Location of a Weeden #1? **Q&A:** "Watt Special" eng. **Q&A:** Show fliers; **Q&A:** Weeden "Big Giant" & Hoisting Drum. **Q&A:** Doll 512/2 eng.; **Q&A:** Weeden "snowflakes/stars"; **Q:** Weeden #57 variations? **Q&A:** ID four eng.?
 No. 9 (Apr 97) **Q:** Beggs fill plug?; **Q:** "Dy-Mo" Model 5?; **A:** Maker of Falk loco reproduction; **Q&A:** "Dollar eng."; **Q&A:** ID & markings of German eng.; **Q&A:** Empire heater; **Q&A:** Steam toy boxes; **Q&A:** Schoenner "mystery" engine; **Q&A:** Listing of restoration services.
 No. 10 (Jul 97) **Q&A:** "Dy-Mo identified"; **Q&A:** Printed materials to ID toys; **Q&A:** "Harvey Miller" stack & safety valve; **Q&A:** "Dollar" eng. (Buckman); **Q&A:** ID of eng.? (Schoenner).
 No. 11 (Oct 97) **Q&A:** Removing boiler scale; **Q&A:** Weeden motor wiring; **Q:** ID of eng. kit?; **Q&A:** ID of eng.? (Schoenner); **Q:** info about this mfg.?
 No. 12 (Jan 98) **Q&A:** Voltage for Weeden #101; **Q:** Data on Bing slide valve?; **A:** Update on eng. kit question; **Q:** ID of burners & funnel?
 No. 13 (Apr 98) **Q:** Any Weeden boxes?; **Q:** Weeden #34 valve history? **Q:** Pop-Pop boat source?; **Q&A:** ID German accessories and engine, & provide info re: Harvey-Miller engine parts?; **Q&A:** Color of Märklin engine base?; **Q&A:** ID eng. & accessory? (American Toy, Mohr & Krauss); **Q:** ID brass engine?; **Q&A:** Value of Empire B-35 & Jensen Mach. Shop?; **Q:** Dating of Jensen eng.?
Q: Info re: Stevenson SE-6 boat engine?
 No. 14 (Jul 98) **Q&A:** ID eng.? (Fleischmann); **Q&A:** Where's Solar Engines? (*now p/o PM Research*); **Q:** ID access.?
Q&A: ID eng.? (Doll #365); **Q:** ID eng.?
 No. 15 (Oct 98) **Q:** ID marine boiler; **Q&A:** Finding eng. price lists? (*short list*); **Q&A:** ID eng. and access (*Plank, unk.*); **A:** July Q.- accessory is Bing coffee roaster; **Q:** ID Norris type loco?; **Q:** ID "Canadian" vert. engine?

READER'S COMMENTS

- No. 8 (Jan 97) Radio controlled steam eng.; "Unknown" Weeden; Florida steam toy booth setup photos; photo of reproduction Weeden #3 locos.
 No. 9 (Apr 97) Source for low melting point metal; Lowell Wagner sale & move; Proposal for toy rating system; "Largest" steam traction engine; Wants steam boat articles; Want subscriber directory and TEC's proposal for same.
 No. 10 (Jul 97) Pressure in hot air engines; History of Metal Ware (Empire) Corp.
 No. 11 (Oct 97) Weeden factory display; Home built steam shop; Doll 512/2 eng's Ingersoll steam train and the company history; Unknown electric "steam" toy; "Robert Fulton" instruction sheet; Quiz answer and sight glass vendor.
 No. 12 (Jan 99) Old toy engine/accessory ad. Ingersoll ad and question about company and train set; "Dampfspielzeug" book no longer available; More electric "steam" engine toys.
 No. 13 (Apr 98) Instructions for Marvindustries vert. eng.; Identification of couple; Photo of Perry's Weeden collection; Web sites on Internet; Batteries for Weeden #101; Proposed Dekalb engine kit; Shook's wooden and Bing hot-air engines.
 No. 14 (Jul 98) Weeden whistle source; Mica source; Märklin 4136 color; Rowell article to be in ATW; Weeden "Mighty-Mite" instructions; Odd Weeden #20; Major Toy photo slated for Oct.
 No. 15 (Oct 98) Can't unscrew Fleischmann whistle; Putt-Putt WEB sites & toy prices; M. Wilson's purchase; Trix #2051 motor instructions; Weeden #1 box photo

TEC TIPS, TIDBITS AND TRIVIA

- No. 8 (Jan 97) New subs; "Oops!"; Prices; TEC sub landmark; Need Weeden chain?
 No. 9 (Apr 97) New subs; "Well, its descriptive!"; "Oops"; Prices; "Red Injun" revisited; How "Mamod" is pronounced.
 No. 10 (Jul 97) New subs; Toy Cannon News ends; Prices; Reader response to proposed subscriber list; "Primitive" restoration photo.
 No. 11 (Oct 97) New subs; Winner of TEC sub; Prices; Another American manufacturer; Watt (James) trivia.
 No. 12 (Jan 99) New subs; More "Oops!"; Prices; TEC belt tightening needed; mistakes in ATW's.
 No. 13 (Apr 98) New subs; "Thanks, but not necessary"; Prices; Another trivia quiz; Proof that there's talent ...; Time to identify "Landmark" subs.
 No. 14 (Jul 98) New subs; Paper engines; Missing Mail; Prices; "Nostalgia time;" New Wagner address.
 No. 15 (Oct 98) New subs; Editor goofs; Prices; Font size smaller; R. Leach on radio.

QUESTIONS AND ANSWERS

- No. 16 (Jan 99) **Q&A:** ID of Krauss-Mohr engine? **Q&A:** Where to subscribe to
ATW
and Toy Shop?; **Q:** ID of "dollar" type early vertical engine? **Q&A:** ID of Doll engine
and unidentified engine?; **Q&A:** ID of gas-fired engine and a homemade engine?
No. 17 (Apr 99) **Q:** Unusual Weeden 'Dart' car truck ID?; **Q&A:** Address of model
maker Maxwell Hemmens Co?; **Q:** Info regarding Aztec Thermolectric Generator?
Q: ID of six German steam toy accessories?; **Q&A:** ID of Mesco toy electric motors?
No. 18 (Jul 99) **Q&A:** Where to buy Auld toy steam engines?; **Q&A:** ID of Doll model
1/510 type engine?; **Q&A:** ID of Carette '505' type of locomotive?; **A:** A TEC 15
question regarding Canadian engine is answered (ID'd as a Wilson); **A:** A TEC 15
question about a boiler is resolved - (ID'd as a Saito Type B1 boiler).
No. 19 (Oct 99) **Q:** ID of mystery model?; **Q&A:** Info about Rebi Motor and Honsel
flame-licker engines - where to find replacement bellows? **Q&A:** More on availabil-
ity of Auld engines, parts for Bing engine, info and price for Mamod TE1a engines?
No. 20 (Jan 00) **Q&A:** How to preserve composition material on Fleischmann toy
accessory?; **Q&A:** Info regarding Plank steam launch?; **A:** More info regarding
bellows and working of Rebi Motor and Honsel flame-licker engines.
No. 21 (Apr 00) **Q&A:** ID of early "dollar" type engine? (ID'd as an Eclipse); **Q:** ID
of model steam crane? **Q:** Burner for Falk hot-air engine? **Q&A:** Future WileSCO
articles?; **A:** John Deere P/N for rubber part used for flame-licker bellows.; **Q&A:**
Info regarding SEL engines?; **Q&A:** Meaning of "D.B.P" on some German engines.
No. 22 (Jul 00) **Q&A:** ID of electric engine? (ID'd as Wilkemp); **Q&A:** Any electric
heater replacement for Bing steam engine?; **Q&A:** Any reference books with
pictures for identifying toy engines?
No. 23 (Oct 00) **Q:** ID of toy steam launch?; **Q&A:** ID of vertical engine? (ID'd as
Power Toy engine); **Q&A:** Empire solid flywheel unique?/ID of Mamod workshop?;
Q: ID of motor-driven workshop and ID of hot-air engine?

READER'S COMMENTS

- No. 16 (Jan 99) Provision for e-mail address on TEC's sub form. Comments on
TEC's print size. Large scale loco model built during past 8 years.
No. 17 (Apr 99) Wants electric motors and hot air engine articles. Live steam boat
model. Photo of Chicago Ferrule and Nut Co engine. Weeden *Dart* loco found at
a flea market. K.J. Miller *Junior Engineer* engine. Unidentified hot air engine.
No. 18 (Jul 99) "World's smallest steam engine." Weeden 78 in TEC 17 is actually
a Krauss-Mohr. Making heater for Weeden #43 and restoring brass pistons.
Unidentified hot air engine (TEC 17) is Thermo Engine. Weeden "Pandeaphone"
musical instrument. 1785 model locomotive. Labels for Wilkemp Electric Engine.
Robert Fulton and Weeden #43 engine photos.
No. 19 (Oct 99) Empire hot air motor and patent drawing. Patent date for Mesco.
Unusual electric engine. About lead alloys and zinc-aluminum alloys. Proof that
engine in TEC 17 is Krauss-Mohr, not Weeden. Wilkemp Electric Engine nameplate.
More Wilson engine info. Photos of 1998 Maumee Valley toy engine events.
No. 20 (Jan 00) Wants info about toy engines material. Old "Cash Buyer's Union"
catalog steam toy items. Info about seller of "putt-putt" boat. Carette No. 686 hot
air engine. Running on compressed air. Ordering info for HOG hot air engine.

David

Auld on engines he sells and about the Cranko steam toys.

- No. 21 (Apr 00) Mesco electric motor and its original box. Falk hot air engine.
New source for steam engine model kits. Unusual windup toy. 1922 PM ad.
No. 22 (Jul 00) Web sites. Eclipse engine. G.W. Moore electric motor. Old A-frame
model pix. Unusual A-frame model. Mesco ad showing battery. Unusual Jensen 60.
No. 23 (Oct 00) GFCL circuits. Another Airosol engine supplier. A "Bing" Empire.
Home built compressor running a Bing engine.

TEC TIPS, TIDBITS AND TRIVIA

- No. 16 (Jan 99) New subs; Haskin auction; Prices; Miller in ATW; Antique photo.
No. 17 (Apr 99) New subs; Jim Elliot's steam crane photo; Inflation guide; Index
correction of authors; Mike Cooke's e-mail address.
No. 18 (Jul 99) New subs; "It Nae Be Correct, Laddie!"; 1926 bargain; S.T.E.A.M.
No. 19 (Oct 99) New subs; Missing issues; Trivia; CAD correction; Logging photo.
No. 20 (Jan 00) New subs; TEC Translator; Weeden factory photo; Two more
Crescent models; "Weeden's Favorite Oil."
No. 21 (Apr 00) New subs; Business cards; Hal's Pals ending; "Oops"; Empire pix.
No. 22 (Jul 00) New subs; Sending photos; "Working 'Steam' Engine"; Thanks to
Mike Cooke; In Memoriam - Al Cropley; "On Getting Grounded."
